Many of these sites provide resources from the makers of the SMART Board and Notebook software. You will also find sites that have Notebook files that can be downloaded as well as interactive sites that work well with the SMART Board.

Links on this page are supplied through SMART Technologies, resources recommended by them and other educational web sites and are not necessarily part of the Ontario curriculum. This page contains links to outside sources. The Simcoe County District School Board is not responsible for any content housed or published on those sites. Some resources can be downloaded (and some may be zipped). Please place a ticket to the helpdesk if you require assistance downloading or unzipping files.

Many sites cover more than one subject area or type of resource. When you are on a website be sure to click on other areas of interest for you. All of these links are broad-based and comprehensive.
